Go to the "steamapps\common\rainbow six vegasBinaries" folder in Steam. Then just launch the game. After opening the Windows version of the game, the Skype client will start, with which you can chat. Run it or press the keyboard shortcut Ctrl+Alt+Y. Create a contact list Click on the Start button on the right side of the screen (or Windows key + Alm). Next, follow these steps. 1. Install the application. 2. In the "Devices and Printers" section, enter the MAC address. 3. Go to the "Network Connections" section to which the computer is connected. 4. Next, click on "General Wireless Network Settings" (Wi-Fi). Next, go to the "Network" (LAN) tab. Next, select the radio channel of your connection. It should be noted that in Windows Server 2008 there is a checkmark on the radio channel of the selected port. If you want to make sure that it works correctly, remove it. 5. Next, open the properties of the selected Wi-Fi connection (in this case, the MAP32U radio on the laptop). 6. Go to personalization (options) and set the following settings. Specify the number of messages to be entered (one for each text file and one for each picture). Make sure the dropdown above the first list is marked with a home button. Additionally, install Safe Mode in Windows Update. Cleaning up your computer You can do this in the "Run" section, before confirming the action by pressing the F1 key. To do this, go to "Settings". In the "Security" section, uncheck "Enable Windows SafeSearch" and specify the paths to the "installers" of "blacklists" and "Windows Firewall". Leave the rest of the settings unchanged. In the "System Restore" line, select the date when you last did a full computer scan for viruses. For more information, see the article: "How to clean your computer yourself?". If you have not done this before, then use the following instruction: "Cleaning your computer with an automatic cleaner." You can also use funds from Dr.Web. You can check your computer using
