My book Why We Suffer - The Western Way to Understand and Let Go of Unhappiness is an amazing story about what failed to be taught. dominant psychology. peace. I would like to explain that you can change your thinking to understand that we can change our lives if we don't want to suffer. Why can't you change your life if you don't want to suffer? Because people are not machines, their brain and body do not obey logic. You can't just take and remake a person! It's impossible, impossible, impossible!
