CalendarPro is a powerful, professional software utility for scheduling of appointments, events, meetings, classes, and projects, and generating appointment cards. The program can work as a stand-alone software or part of your Windows application suite. "What you do on the weekend is your business". I came across this sentence sometime ago and the truth of it has always stuck in my mind. It seemed to ring so true. On this weekend I was at the gym doing weights. I am more of a weekend warrior than a long distance runner or cyclist. But my weekend warriors are getting up earlier to train and get in their cardio to get into shape for the week ahead. And I am no exception to the saying above. So, my weekend was a busy one. Working my way through the list of things that had accumulated in my to do list, and anything else that wanted to put its head on my plate. So, the fact is, I did not actually do much reading for this article. Well, there was some reading. It was a couple of chapters of a book that I was reading. But I did not really do 1d6a3396d6
