Principles of deformity correction.The World of Models It's all about the booth, the beauty and the buzz Thinkstock/iStockThe artist booth is the first place photographers and models go to exhibit their work. It's also the place they go to see all the other booths in the arena, learn about trends and what everyone else is doing, and get a quick fix on current styles. And like any other trade show, it's the most exciting place at all of the photographers and models. The winner of the top award of the day usually leaves the booth in a mood of elation and will often go back to the shows in the succeeding years to see if he or she can achieve that same title. So while it might look like a big, noisy and crowded place, booth-life is a bit more sedate and less noisy than the rest of the show. There's a lot going on in there too. The booth is basically a small retail store where the artist sells
