A: After realising that you are attempting to inject script into a youtube page, and after trying multiple things, I have found that script works when the IFrame you are injecting it into has an appropriate MIME type. For example: fixes your CSS issues and allows script to run. A: I'm not able to replicate in my machine (using Google Chrome browser). However, if you could provide a link (I suppose dev tools of Chrome can help), this one might help:

Click to view full gallery... • A dramatic storyline where story fragments come together to form a single story • A vast world full of exciting situations and dungeons with an abundance of content The long time fantasy RPG has returned to reality with a new installment – the first of the new generation of Action RPGs, 'Elden Ring.' [Bookmark this page] If you're here for our Elden Ring review, you're about to be really surprised because you're not going to get a grand summary of the game, you're going to be more likely to find out how the game operates at its core. So, to avoid being overly redundant, I'll skip past the review of the game itself and focus on the game's different aspects. (Another limitation as I'm writing this review is that I can't play Elden Ring so I can't tell you how well or poorly the game plays on your PC). Who Are You, and Why Are You Here? The game features the same basic structure as the first game in the series, Ancilla, but also makes its own changes. The initial characters all have the same name, character class, skills and attributes, but that's where the similarities end. The story of Elden Ring is a dream of the main character, named Tarnish, who believes himself to be living in the real world, but is actually trapped inside a dream. At the beginning of the game, you help Tarnish learn about his surroundings and start a journey that will take him from a calm, serene life in the afterlife to become the ruler of a world. Although, at first, you can just think about the character and his life within the game, it is also fun to watch him explore a number of dungeons and locations. What is so unique about the game is that the exploration is often coupled with a narrative that you follow, but sometimes you have a choice on how to go about it. What's new:

4. Tarnished Visceral, yet seductive. Beyond fiction. A unique PVP beast that defies conventional KOL judgment. All Out 3vs3 PVP Game In the world between reality and fantasy, a virtual battlefield remains. In Tarnished, the game emphasizes the story of friendship, sacrifice, and compassion for your allies. • Brief and Unique Online Play In addition to cooperative, players can connect through the asynchronous online element and become friends. As an online game, the network is always open, and you can play one-on-one in a detailed and lifelike online world. • Compelling Battle Mechanics In both solo and multiplayer, a new system where players can level up their character has been newly implemented. An adventure that derives value from a multitude of fierce battles is awaiting you in Tarnished.

5. CONCLUSION

The recent release of Fantasy Heroes Online (FOX), released as a FFXI expansion in Japan, has been a great opportunity for developers to release new and updated content for the PlayStation®4 system. With the introduction of such content, we plan to announce new game announcements that we think players are looking forward to, as well as launch updates.

Pervasive Computing2015-07-19T09:01:00+09:00 forza>We are looking for people who wish to contribute to the creation of the channel for *Fantasy Heroes Online 2.0* to be released for the PS4 by the end of the year!
