Browse and track your cards - all players together in a single screen. This PDF file contains all possible card combinations for you to select from, but you can use the program to find all of them. There are hidden maps, which contain dead ends and all the card combinations possible. To create your own hidden map, simply enter all the cards you think you might possibly need for that map, and click 'Generate Hidden Map'. 4.2 MB

RSS Download this free trial version and try the software before buying a license key or purchasing any other version of this software. Browser support: Internet Explorer, Firefox, Opera. Could not find the downloaded torrent after adding it to the list. It is not automatically moved to the Downloads folder and could be in the temporary folder or downloaded folder. For this reason, you can use another program, like FastDownload, to save the torrent. Downloads: 3010

| XTotal.c You can see the other download torrents by category in the link above. After that, select the torrent which you want to download and click OK. The number of available servers can be changed by clicking on Edit Servers. You should download this torrent right now, until the download button is disabled.
