A fantasy action RPG developed by Bluehole Studio that is set in a vast, multilayered world. A team of highly skilled designers, artists, and programmers have been hard at work for over two years in order to create the story of "Elder Scorn: Tarnished", and the game has been fully implemented. It is expected to be released at the end of 2015. The game is currently in closed beta test. FULL GAME PREVIEW: CLOSED BETA TEST: What is the new fantasy action RPG 'Elden Ring Crack'? Action RPG where life is a struggle 'Elder Scorn: Tarnished' is an action RPG where you must survive by the sword in the Lands Between, a place where humanity's civilization has faded and fallen away. There was once a time, more than a thousand years ago, when the Elden Ring was in direct contact with the people and places that exist in the Lands Between. The Elden Ring was protected by the Great Elden Dragon which guarded the power of the Elden Ring and kept it always at the ready. When humanity's civilization fell into decay, the Great Elden Dragon returned to the Gates of Oblivion that protect the Lands Between from the other world. This closed the door for all but the most skilled summoners, and the Elden Ring was sealed away in the Monoliths of the Elder Scorn. There was a time, more than a thousand years ago, when the Elder Scorn was the entrance to the Elder Towers on the west coast and the Elder Gate in the east. The power of the Elden Ring was entrusted to the Elden Heroes who raised the walls of the Great Walls of the Elder Gate, and those who pass through the Elder Gate of the Elder Towers are considered worthy of the Elden Ring and call themselves Elden Lords. However, the Great Elden Dragon, who once protected the Elden Ring, had disappeared, and evil has begun to consume humanity. This is a closed beta test, but we invite you to try out the game to see how it goes. Please note that the closed beta test is different from other beta tests, as it will be running in the pre-release build until the end of June. We will be gathering your feedback during the beta test to improve the game based on your feedback. Please report any errors that are found, along with what you think should be changed, to the following: <https://www.blueholegame.com/feedback>
